Visit to Christmas Market Steinau a. d. Straße

© GWC

Steinau is a charming village located between Frankfurt and Fulda and famous for its long history and beautiful frame houses. Also, the illustrious brothers Grimm used to live there. The name affix “an der Straße” refers to the VIA REGIA, the ancient trading route between Frankfurt and Leipzig. Inside of the courtyard of the medieval castle, the historical Christmas Market will take place.

We invite you to join us on our visit to this traditional Christmas Market. You will be enthralled by the romantic atmosphere: Colourful stalls, steaming hot mulled wine, local handcrafts and of course a variety of different typical German Christmas foods are awaiting you.
