

CALL FOR PROPOSALS

Paul Ehrlich & Ludwig Darmstaedter Early Career Award
for outstanding research in the life sciences at
German research institutions

Once a year, the Paul Ehrlich Foundation gives this award to a **young scientist with a doctorate for outstanding research in the life sciences** while working at a research institution in Germany. The prize money amounts to € 60,000 and may only be used for research-related purposes.

Award winners of the past 5 years Research topics

2023	Leif Ludwig	From human lineage tracing to mitochondrial genetics
2022	Laura Hinze	Mechanisms of amino acid metabolism in cancer cells
2021	Elvira Mass	The role of macrophages in health and disease
2020	Judith Reichmann	Chromosome segregation at the beginning of life
2019	Dorothee Dormann	Molecular mechanisms of neurodegeneration

**The award ceremony will take place on March 14, 2024
in the Paulskirche in Frankfurt/Main, Germany,**

one of the most historic symbols of Germany's democratic traditions as well as one of the country's most significant historical sites.

University professors and leading scientists from research institutions in Germany are eligible to submit nominations. Self-applications will not be considered. At the time of the award ceremony, the winner should not yet have reached the age of four decades and should not hold a tenured professorship or comparable position. **Proposals are requested no later than Monday, May 22, 2023** and exclusively as one PDF file by email. The file should include a detailed justification, a list of publications, the three most important publications, as well as a curriculum vitae of the nominee.

Please address your proposals to the Chairman of the Selection Committee:

Prof. Dr. Robert Tampé, Institute for Biochemistry, Biocenter, Goethe University Frankfurt,
Max-von-Laue-Str. 9, 60438 Frankfurt a. M., paul-ehrlich-nachwuchspreis@uni-frankfurt.de

The award winner is nominated by the Board of the Paul Ehrlich Foundation upon recommendation of the Selection Committee. Shortlisted candidates will be invited to a symposium in Frankfurt am Main, Germany. For more information, please contact:
